

SIERRA 2 SENIOR CENTER TO SUSPEND ACTIVITIES

EFFECTIVE MONDAY, MARCH 16, 2020

Amid concerns about the COVID-19 pandemic, the Sierra 2 Center is taking precautionary measures to protect the health of our participants, volunteers, instructors and staff members. This **suspension will last through March 31st**, with tentative plans to resume activities beginning in April.

This suspension is in response to the City of Sacramento's mitigation efforts with **social distancing being a key strategy** to help stop to spread of COVID-19. We know that our senior center offers vital, morale-boosting social opportunities that can be critical in times like these. However, we feel that the risk of exposure in our community is too high. **Our top priority is to keep you safe.**

Thank you for your understanding and for being our partner in keeping our community safe and healthy.
